

# BISTRO / STRING LIGHTS SETUP INSTRUCTIONS

*\*Keep all packaging materials after opening. Must be returned in same box / packaging.\**

## GENERAL SETUP

1. Before setup, plug in to ensure all bulbs turn on.
  - If any bulbs are not illuminated, turn bulb to tighten into socket. (*Bulbs can become loose during shipping*).
2. Mount lights in desired location. You're done!

**Attach Using Cable Ties Provided**

**Attach to Any Pole / Hook**

## TECHNICAL DETAILS

1. **If any bulbs do not illuminate** after tightening the bulb, replace with a spare bulb provided. (*Please send back ALL light bulbs for return -- even if non-working bulbs*)
2. Your package includes an **extension cord and zip ties** for mounting if needed.
3. **Connect up to 7 strings** together using a single outlet.
4. Minimum of **2 anchor points are needed** for each string light. (One anchor on each end. Anchors include trees, buildings, poles, etc.).
  - a. If using 2 anchor points, string will dip down about 3 feet
  - b. To create a tight string with no dip, mount / anchor each bulb.
5. **For Return:** You will return 1 extension cord & 2 extra bulbs per order, plus string lights

*...continued on reverse*

# STRING LIGHT SETUP ON BACKDROPS

**TIP:** Lower backdrop to easily attach lights. Raise backdrop when finished. Put lights on BACK side of backdrop. The black cords will not show through the fabric.

1. Pin 1<sup>st</sup> bulb (on end of string) to the upper corner on BACK of backdrop.
2. Let the next 6 bulbs hang loose. Pin the 8<sup>th</sup> bulb to top hem of backdrop.

3. Let next 6 bulbs hang loose. Pin 15<sup>th</sup> bulb to top of backdrop. Let next 6 bulbs hang loose. Pin 22<sup>nd</sup> bulb to top of backdrop. There will be a total of 4 lights pinned to top.

**You're Done!**
